Date, time and approximate location of plane crash or landing.

6 June 1944 - 2130 hours - 25 Km N ROUEN

Nature and extent of damage to plane when source bailed out. Was it on fire, etc?

Flek damage - right tanks hit - left engine destroyed.

At approximately what altitude did source bail out?

2000 feet

Were any of the crew injured or killed before the plane crashed?

Do not know

What members of the crew bailed out? Did their parachutes open?

Two gunners and myself chutes opened all right

Did the plane explode on striking the ground?

No - burned

Did source see any other members of the crew dead or alive after reaching the ground?

No - but French said two gunners were captured

Did he receive any information from others as to whether any other members of the crew were dead or alive? If so, give details furnished by his informant and whether the other crew members were identified by name or otherwise.

See above

Did source examine the wreckage of the plane? If so, what was its condition?

Yes - evidently plane was crash-landed, completely burned out

If the plane crashed in water how far was the plane from land and by what means was source rescued and what life rafts, wreckage, etc., remained on the surface that would have assisted other personnel to keep afloat.

What is source's opinion as to the fate of the other crew members and his reason for his opinion?

Gunnery prisoners - do not know about pilot
